

Trafficking Victims Protection Act

Sample script

"Hello, my name is [name]. I live in (name of city and zip code). I'm a constituent and person of faith. I'm calling to ask you to reauthorize the Trafficking Victims Protection Act which expired in September 2017. This Act provides the legal foundation to combat human trafficking and the federal funds needed to do so. The Trafficking Victims Protection Act will also exempt restitution for trafficking survivors from federal taxes, bolster efforts to keep goods made from forced labor from entering the United States and increase the support for the [US Advisory Council on Human Trafficking](#). Please reauthorize the Trafficking Victims Protection Act as soon as possible and protect the thousands of victims of human trafficking."
